

PROJECT ALERT

STARTING WEEK OF JUNE 8

The Van Buren County Road Commission will be completing a project on 25th Street between Red Arrow Highway and the Village of Mattawan in Antwerp Township. The project consists of a 1.5" asphalt overlay. Asphalt driveways will be milled and repaved for a smooth transition to the new road surface. Please ensure sprinklers are not directed into the roadway to preserve the asphalt surface that will be laid. This project will be completed as weather allows and minor delays are possible.

Questions about this project may be directed to Dave Clift at 269-674-8011 ext. 230.

This project is funded by Antwerp Township. Michigan Paving and Materials Co. is the prime contractor completing the project.
